

Oxyfresh Products — Clinical Applications

Toothpaste

Original Formula | Fluoride Formula

- Use as a prophylactic paste, especially around cosmetic restorations – no gritty texture; maintains the luster of porcelain and resins
- Use on a rubber cup to safely polish acrylic-based appliances, removable prosthetics or temporary crowns

Power Paste

- Use as a prophylactic paste, especially around cosmetic restorations – no gritty texture; maintains the luster of porcelain and resins
- Use on a rubber cup to safely polish acrylic-based appliances, removable prosthetics or temporary crowns
- Patients prefer the zesty lemon-mint flavor and smooth texture over most prophylactic paste options

Tongue Cleaners

Oolitt® | Oolitt® Elite

- The wide band allows for perfect chairside instruction directly on the patient. The plaque and stained debris on the tongue is easily visible and powerfully demonstrates to the patient what can be missed when not using a tongue cleaner. The patient will not leave the office without one for every family member after patient education like this!

Mouthrinses

Lemon-Mint Power | Patented Zinc | Fluoride | Fresh Mint | Unflavored

- In tanks of chairside ultrasonic scaling device
- Sub-gingival irrigation following scaling, root planing and/or laser treatment
- Irrigate areas of periocoronitis
- Aid in the cleaning and deodorizing process of removable prosthetics in ultrasonic unit

Dental Gels

Super Relief Formula | Fluoride Formula

- Extraction sites – insert using monoject-type syringe or place on gauze
- Pericoronitis
- Dentures – apply on underside
- Crown preps – dip retraction cord prior to insertion for more precise impression
- Temporary crowns – apply along gumline to enhance healing and alleviate post-operative discomfort
- Following scaling, root planing or laser treatment – syringe subgingivally and along gingival margins for enhanced healing and to alleviate post-operative discomfort
- During scaling – on instrument, carry to depth of pocket

Breath Spray

- Perfect gift idea your patients will love
- Include in patient take-home bag following any whitening, hygiene or cosmetic procedure

Toothbrushes

Benefit™ Brush | Health Brush

- Dispense with every dental gel
- Great for toothbrush demonstration
